

ESTIMATING AND APPRAISER CERTIFICATE IN APPLIED SCIENCE

ABR 132	Shop Management Concepts	3
Total Semester Hours		9
Total Required Credit Hours		17

Overview

Program Description

This program consists of courses that train students to evaluate collision damaged vehicles, estimate and blueprint required repairs, and communicate cost appraisals to customers and insurance companies.

Mission Statement

The Auto Body Repair Program at Greenville Technical College is dedicated to the training of students to meet the ever-changing needs of the automotive collision repair industry. The program will be continually monitored and improved to meet employer needs through the feedback from the program advisory committee which is composed of representatives from insurance companies, automotive dealers, and independent collision repair shops.

Entrance Requirements

Acceptable placement test score(s), plus high school diploma or GED

Type of Program

Evening only

Professional Credentials

Estimating and Appraiser Certificate in Applied Science

Employment Opportunities

Automotive collision repair estimator, automotive insurance claims adjuster, dealership vehicle appraiser
