

MICROSOFT NETWORK TECHNICIAN CERTIFICATE IN APPLIED SCIENCE

CPT 267	Technical Support Concepts	3
Total Semester Hours		6
Total Required Credit Hours		24

Program Description

The program is designed to provide students with technical abilities in the areas of network administration and support. Students will become knowledgeable of the various network media types, topologies, protocols and standards. Courses will provide students with entry-level skills necessary to help manage and troubleshoot system environments that are running on the Microsoft Windows network operating system.

The courses in this program will prepare students for the CompTIA A+ and Network + certification exams as well as several Microsoft certification exams.

Mission Statement

The mission of the Microsoft Network Technician Certificate program at Greenville Technical College is to provide students with the skills required to successfully implement, manage and troubleshoot Microsoft Desktop and Server operating systems.

Entrance Requirements

High school diploma or GED

Type of Program

Day, evening or online

Requirements for Completion

This program requires a minimum grade of "C" in all courses.
